

“Flow through Me”

Scripture reading: John 7:38

We have a song which we sing, “*Flow through Me.*” That means the glory of God is flowing in the places we gather for fellowship, and it is flowing one through another. You would be surprised to know what is going on. You sit down in your chair and think certain things in your heart. And it starts flowing through the other person, and he thinks certain things and it flows through, and it flows, and it flows, and it flows, and it flows. The love of God flows through us, through one another. Now, there is something more that flows through one another, too. If we have wrong thoughts, the wrong thoughts also flow through each other. So, we need to flow one through another IN Christ.

Now, I understand that in the heavenlies, this thing is going to be on a bigger scale. I heard one man saying, “Boy, heaven wouldn’t be right if I didn’t have my wife in heaven.” Many of you must have also thought of what is going to happen, wondering if we will have a wife and husband in heaven. No, we won’t. Do you know why? Because the level on which we are in heaven is so much higher than the wife or husband level down here. God only gave us a wife or a husband in order to keep us together and let us learn how to love one another. But up there it is different. There is a flowing through and through. When you flow into the brother’s or the sister’s heart or mind, you see a whole vast area of magnificent glory. God calls it His mansion. You walk into God’s mansion, and you see all the glory that God has put into one soul. God has put His glory into every one of you and you need to begin to flow it out! Amen! Praise God. There is so much blessing in the midst of the people of God, so much glory of God and you don’t even know it! Begin to recognize one another. Begin to recognize the things, the way God is dealing with one another in love.

I remember the time when we were still in Jamaica, when we first started. It was all fire and glory. I don’t think we will ever see that again in our lives. There was one humble brother that didn’t preach, he didn’t do much, but when it came to counsel, we would always call Banker. We would ask him, “What do you see? What is the Lord saying?” And he could give you a proper counsel as to what God was saying. We have to realize that each person has a special manifestation in the Lord.

We used to talk of Sister Hermin. I would be preaching and in the middle of the message she would come with, “Ha! Ha! Ha!” holding her side. “What’s the story?” we would ask. It was a manifestation of the Spirit. Nothing was wrong with her side, but it would be paining her. And she would say, “Somebody here has a problem in their side.” The person would stand up and as we would pray for the person, Sister Hermin would be set free. Sometimes you have to laugh at the manifestations we saw there.

Praise be to God. There is something God is doing in every one of you, and it has to be done now. We have to stop fooling around. Time is short. God must bring to pass what He has ordained to be done. He must bring it to pass! Oh, God Almighty, help us!

(Excerpt from *The Omega Message*, July 2005, pg. 13-14)

Thought for today: God has put His glory into you and you need to begin to flow it out!
