

## INDIA

George Herrig

As God continues to build His Church in the earth today, we sense the urgency to stand with our brethren in India. Their needs and life situations are different than ours, and yet it is a time when we must all stand against the works of Satan. Prayerfully lift up the hands of our fellow brethren in India that they may stand against our common enemy.

Since the established work at Kannapuram (orphanage and four surrounding fellowships), doors are being opened in several other places throughout India. We were blessed to meet Brother J. Gabriel Glover in Switzerland in April of 1990. Since that time, God has called Gabriel back to Madras, India to be a part of what God is wanting to establish in His people there.

The Lord willing, a team is planning to return to India in Jan 1992. Please stand in prayer with us as we ask God's direction and guidance concerning this trip and the work in India.
