

## A VISION

...And so, Brethren, we are at a place where God has shown us that there is a problem. I will share a short vision.

I was praying concerning the body, and in this vision we were traveling on a road that ended, and there was no charted road to where we were going. So then, we started going across fields and woodlands, but we were totally blocked by floodwaters (The Scriptures say that Satan would cast floods of water out of his mouth to drown the woman Church).

We came to a point where we could go no further, and God showed us that there was only one alternative. We had no choice. We had to go on higher ground. That was our only hope, because all the plain was covered with flood waters and we could not walk through the flood. We had to go on higher ground.

As we started going up the side of this steep mountain, there was a contour on the mountainside, and we could see that it was a track people walked on before, but it was covered over by grass and weeds. Nobody walked there for a long, long time.

Do you hear me, Brethren? Nobody walked there. We are going into uncharted country; we are being led to a place where there is no compass to guide us. There is no road to guide us. The Holy Spirit in us is going to guide us, and that is going to be our only way to go...."
